February 2000

“EARL PARIS, VE2ESP ON THE MONTREAL ASSOCIATION FOR THE BLIND CLUB STATION”

Wednesday 23 February 2000
Ragchew and Fleamarket: 19:30
Club meeting: 20:00

St. Thomas Anglican Church, Corner Somerled and Rosedale
(Please use side entrance off Rosedale)

Earl Paris, VE2ESP, who we all know as the man who greets us at the reception of our general meetings with his guide dog Wagner, has also been the Director of the Montreal Association for the Blind's (MAB) radio station for several years. From this perspective, Earl will be giving a talk about the history of the station at the MAB, as well as current operations. This talk should prove to be a very informative and eventful evening. We hope to see you all!

A WORD FROM THE PRESIDENT

Hello,

As is often the case the January meeting was not our best attended meeting but those who did attend were treated to a fascinating talk on the International Zone of Tangiers through the late 1940s, through the early 1960s. This coming month features a talk on a subject which shows up some of the important aspects of amateur radio. Earl Paris, VE2ESP, will be telling us about the history of the VE2MAB station which the club helps to maintain. Amateur Radio is one way that the blind can travel the world and otherwise become equals in a world where they have a disadvantage. A station such as this also cannot

be successful without help from the wider amateur community and it is that Elmering tradition which brings the new amateurs along and encourages them to try what they might not otherwise. Please be sure to come out and hear about a station which may not be well known but is important to those who use it.

Its February and I hope that none of you have had to do any outdoor antenna work. Spring isn't too far away and we will be getting outdoors again. Several events are coming up which will need your help. CANAM 2000 will be in May and about 25 operators will be needed for this event. Please let me, or Ken Magee, VE2EXC, know if you'd like to help. Your participation in these events is not only important for the well being of the participants but also for the good will

The MarcOgram is published nine times per year on the second to last Wednesday of September through June, excepting December by the Montreal Amateur Radio Club. Advertising and copy deadline is one week prior to publication.

Repeaters

VE2BG 147.06 MHz (+)
 Owned and operated by the Montreal Amateur Radio Club. Located on the Pointe Claire water tower.

VE2RED 147.27 MHz (+)
 Owned and operated by the Montreal Amateur Radio Club. Located near Decarie and Cote St. Luc Road.

The repeaters are open to all amateurs and VE2RED also offers a phone patch available to all amateurs during the day and evening.

Meetings of the Board of Directors

Meetings of the Board of Directors are open to any member to attend. Board meetings are held the first Wednesday of the month (Sept. to June) at 7:30 PM at the Montreal Association for the Blind, 7000 Sherbrooke St West. Should you wish to attend one of the meetings you are welcome. Just speak to one of the directors before-hand to make certain that the meeting has neither been cancelled, nor the location changed.

Club Activities

Tentative Meeting Schedule

February 23 - Earl Paris, VE2ESP will give a historical look and present day operations of the Montreal Association for the Blind Club Station.

March 29 - Ralph Cameron, VE3BBM will give a talk on Electro-Magnetic Compatibility (EMC) and Radio Frequency Interference (RFI) issues from the point of the Amateur Radio operator.

April 26 - Frederick Hart will give a talk on the hobby of Radio Scanning and a discussion on the various Emergency Services in the Montreal Area.

NOTE: This meeting may be rescheduled to another location as the Church Hall may be unavailable that evening.

May 31 - Show and Tell

As usual, the meetings start with a casual Ragchew at 19:30 and the gavel at 20:00.

Hamfest

Saturday, April 15, MARC Amateur Radio Fleamarket at The Legion, 7771 Bouvier, Lasalle. More details on pages 4 and 7 .

Foxhunt

Saturday, May 13 - This is the tentative date for a foxhunt which is currently in the planning stages. For more information contact Steven, VA2SMF.

MARC COMPUTER NET

The net meets every Thursday evening at 8pm on VE2RED, 147.270+

to discuss computer news, computer problems, computer humour, computer web sites and computer addiction. In other words, everything about computers

is fair game here. If you have anything related to computers (it doesn't necessarily have to be amateur radio related), favourite web sites, questions, comments, or just want to argue Linux vs Windows with everyone, then stop by and check in.

73 de Steven, VA2SMF, Net Controller

which it generates for the hobby.

I look forward to seeing you all at the meeting.

73 de Jim, VE2VE

- . . . -

FROM THE EDITOR'S DESK

The snow gently falls as I write this and with February almost half we can safely say the end of winter is getting closer. Just as winter leads into spring it also leads into a more active amateur radio season. There will be a number of activities starting soon, hamfests, a foxhunt tentatively set for May 13 as well as a number of public service events. See page 4-5 for Ken, VE2EXC and the VE2LZR Group's list of upcoming events. There will be more activities to add later in the season. These are all good opportunities to get out and meet fellow enthusiasts and in some cases a chance to practice certain skills and publicise and promote our hobby. Try and book some time for yourself so you can come out and enjoy these activities.

73 de Craig, VE2YGK

COMMUNITY SERVICE

Upcoming events from the VE2LZR Group

(Note: all but Cyclo-Tour are equestrian type events)

We are now in the process of setting up the courses and

related parameters for the first 2 events of this year.

The North American Selection Trials for the World
Singles & Pairs Combined Carriage Driving (CAN-AM'2000)
We will need up to 25 operators.

Date: 21 May 2000 (Sunday).

Location: Windedge Farm, Ste-Justine de Newton, QC

Called the CAN-AM 2000 (?? km long) is held at the Windedge
Farms. (Location is 25 mi. N/W of Montreal) Directions and
talk-in on VE2RM - 147.00 minus, provided. We are going to be
posted all around this long course providing point to point
information as to what and where its happening, and relaying
vital information to the control station on the safety and well
being of the competitors.

We require 2M / 70cm portable units as well as 2M /
70cm mobile vehicles, so let me know what you have available.
Portables must be able to operate for at least 10 or more hours.
We are going to be using 3 Simplex frequencies for the event, 2
vhf an 1 uhf. We will have a centrally located base station with 2
to 3 op's with about 12 op's on VHF and 12 on UHF. Operators
will be with the course designers, repair crews and public
announcers.

Rain or shine we are there, bring your lunch (so far),
light portable chair, and rain or shine gear, MOSQUITO
REPELLENT. Over the last many years many of have been
participating in this wonderful communications exercise, and we
would be more than pleased to have you along.

Remember that there are many more to come
throughout the summer, but why not start with this one. It will
probably be the most exiting. Send me your ham equipment info
and join the group. Looking for op's now.....

OTHER EVENTS THIS SUMMER

St. Lazare Cyclo -Tour (Family oriented pleasure cycling)

Date: 28 May 2000 (Sunday)

Location: St. Lazare, QC

Will need up to 20 operators. From 1000 to 1500 or more
cyclists (30 km course). Looking for op's now.....

The Harmony Horse Trails (Cross country jumping event)

Date: 18 June 2000 (Sunday)

Location: Windedge Farm, Ste-Justine de Newton, QC

Marathon Course Combined Driving Event (Carriage event)

Date: 26 August 2000 (Saturday) (may be moved to the 26th)

Location: Sandridge Farm, St. Lazare, QC

Pleasure Driving Event (Carriage driving event)

Date: 30 September 2000 (Saturday)

Location: Windedge Farm, Ste-Justine de Newton, QC

If anyone else would like to join the team, please contact Ken
VE2EXC via: the Covey Hill swap net (VE2REX 146.685)
on Friday evenings at 8:00, by phone (450) 458-7447, or by
e-mail: ve2exc@rac.ca

73 de Ken, VE2EXC for the VE2LZR Group

SCANNERS HEAR IT FIRST

BY FREDERICK HART VE2LSQ

But February made me shiver... With every paper
I'd deliver... Bad news on the doorstep... I couldn't take,
OOPS! Sorry!

Just had that Miss American Pie song in my head
while thinking of February, and welcome to it! I hear the
ground-hog saw his shadow. (Was it alive at least this year?)
Six more weeks of winter eh? I know if someone reached
into a warm place and I was asleep and then grabbed me by
the tukus, I'd make it rain toads, let alone prolong winter.
Lots of cold weather around has surely not been kind to the
Fire Services. Go figure, the stuff they need to put out fire
freezes below 32 degrees F (0 degrees Celsius for you metric
folks - VEI). I guess they will be reciting the frozen hose
rolling poem for the next few weeks. Time to cuddle up to
someone special and keep them warm... I'm there!

I know one thing, it's easy to start climbing the walls
without a working scanner. I blew a circuit on mine recently
and did without for almost two weeks. A kind hearted soul
has lent me an old Bearcat 210 to help me keep my sanity.
It's just like the late 1970's again watching the red zero's
dance across the screen, good stuff!. Now that I can get an
earful again, it's not as nearly as active as when I was
scanner-less - all Hell broke loose during that time.

Montreal Fire Department (412.7625) (or as I'm
getting it, on 434.3625 - the BC-210 needs you to add 21.6
MHz to the original frequency to get the UHF T-Band). Its

February's Frequency Information EDACS South-Central ("Big Six") Update

As this issue pieces together, the move to 800 MHz continues and we are getting a grip on some of the current talkgroups in the systems presently in place. Thanks to Jim, VE2VE for his well appreciated efforts with getting what we know to date.

South Central "Big Six" Fire Mutual Aid. Repeaters

Note for best results, program the three repeater sites as follows:
(Note to Bearcat 245XLT owners, use 3 separate banks for best results.)

St. Laurent VDJ-521	Westmount VDJ-522	Outremont VDJ-523

een constantly busy, several major outbreaks as well as mutual aid to Montreal North (410.1875) for a warehouse fire. But the icing on the cake was just a few nights ago.. While listening to a working fire on the 6800 block of Waverly in an illegal drug den, the command chief ordered a retreat of personnel from the structure followed by a request for the animal control people (Berger Blanc) to urgently respond and remove some creatures (are you sitting down), a 300 pound Boa Constrictor, four, 5 foot long alligators and various other snakes! Just when you thought you heard it all! Who said that scanning was a boring hobby!, see ya next issue.
