“ARRL FIELD DAY”

Saturday - Sunday June 24-25 2000
Setup Saturday 10:00, Contest Operation 14:00 - 14:00
Talkin: VE2RED 147.270 MHz(+)

Karonhianonhnha School - Kahnawake
Near the corner of Blind Lady's Hill and the Old Malone Highway (details pg 5)

This year MARC will be holding its annual ARRL Field Day at the Karonhianonhnha School, (or the Kahnawake Immersion School) in Kahnawake. Field Day is a chance to test our ability to operate under emergency conditions without grid power being available. The exercise offers an opportunity to experience HF operations for those who have not yet earned a cw endorsement and contest operations for those who have never tried it . Weather permitting there will be an informal club meeting at 19:30.

A WORD FROM THE PRESIDENT

Hello,

It looks as though the summer season is upon us. This past month saw several successful events. The fox hunt went well with five of the six participating teams finding the fox. The first of the season's equestrian events went very smoothly and the St-Lazare Cyclotour was a success. This month sees the Lake St. Louis Soccer Tournament on June 10 and 11 using VE2BG for communications for at least part of the weekend, Harmony Horse Trials on June 18 and Field Day on June 24 and 25. In July we will also have Dorval's Canada Day on July 1 and right after that the St. Lazare Challenge cross country equestrian trail ride.

This will be a busy time and I hope that all of you will be involved in one way or another.

The club's Field Day efforts will again be held at the Kahnawake Immersion school. Field Day serves a

number of purposes. While it takes the form of a contest it is not the high pressure type of event that most other contests are known to be. It offers a chance to gain experience for those who may not have had the opportunity to use HF in the past and it affords a chance to experiment with antennas as we have done in the past.

This year's effort is being co-ordinated by Steven Faguy, VA2SMF, and I am sure that the event will go well. No Field Day can be a success without participants so I look forward to seeing all of you on the site at some time over the weekend.

We are guests of the Kahnawake community and the Immersion School and therefore we do have to respect their rules. Alcohol therefore is not permitted on the site but I must point out that this hasn't stopped anyone from having a good time at Field Day.

I look forward to seeing everyone at Field Day and to a successful event.

73 de Jim, VE2VE

Repeaters

VE2BG 147.06 MHz (+)
 Owned and operated by the Montreal Amateur Radio Club. Located on the Pointe Claire water tower.

VE2RED 147.27 MHz (+)
 Owned and operated by the Montreal Amateur Radio Club. Located near Decarie and Cote St. Luc Road.

The repeaters are open to all amateurs and VE2RED also offers a phone patch available to all amateurs during the day and evening.

Meetings of the Board of Directors

Meetings of the Board of Directors are open to any member to attend. Board meetings are held the first Wednesday of the month (Sept. to June) at 7:30 PM at the Montreal Association for the Blind, 7000 Sherbrooke St West. Should you wish to attend one of the meetings you are welcome. Just speak to one of the directors before-hand to make certain that the meeting has neither been cancelled, nor the location changed.

Club Activities

Tentative Meeting Schedule

September 27 - Emergency Services and Amateur Radio
 by Frederick Hart

October 25 - Annual General Meeting

As usual, the meetings start with a casual Ragchew at 19:30 and the gavel at 20:00.

ARRL Field Day - Kahnawake 24-25 June 2000

Set up for 10am. Contact Stephan at va2smf@rac.ca or Jim Hay at 514-697-7205 for more details and to confirm your participation. Many hands will be needed to support this effort so let Steven or Jim know of your availability.

Canada Day

01 July 2000 - demonstration station

A public display station as well as a Canada Day contest station VE2VVV as part of the City of Dorval Canada Day celebrations at Pine Beach Park. There may also be a communications net required on site for part of the time. Contact Jim at 514-697-7205 for details and to confirm your participation.

MARC COMPUTER NET

The net meets every Thursday evening at 8pm on VE2RED, 147.270+ to discuss computer news, computer problems, computer humour, computer web sites and computer addiction. In

other words, everything about computers is fair game here.

If you have anything related to computers (it doesn't necessarily have to be amateur radio related), favourite web sites, questions, comments, or just want to argue Linux vs Windows with everyone, then stop by and check in.

73 de Steven, VA2SMF, Net Controller

FROM THE EDITOR'S DESK

Its already been a year (June 2, 1999) since VE2BG went on the air from its new location in Pointe Claire. A big thanks to Jim Hay and everybody else who contributed to the relocation project and making the success it turned out to be. The new site has proven to be very useful.

It looks like summer is finally arriving. Make sure you have a safe and enjoyable summer. When the opportunity presents itself please make a effort to promote our hobby. Plant a few ideas about the hobby and we will create some renewed interest in our hobby and hopefully new members to our ranks.

73 de Craig, VE2YGK

- . . . -

CONTEST CALENDAR

Here are reminders of some contests coming up for the summer period. Note the ARRL Field Day and RAC Canada Day dates and times. Rules for these can be found in The Canadian Amateur, QST or CQ magazines. More contests and the rules can be found on the internet. Check:

<http://home.sol.no/~janalme/hammain.html> or
<http://www.hornucopia.com/contestcal/index.html>

This last one has concise rules etc. for the current week's contests.

It is not necessary to be "in the contest" to work a contest station and not necessary to submit a log unless you want to see your results published. Please note that you may not be able to operate during all of the total hours of the contests listed below. Total operating time may also vary by entry category. See individual contest rules for allowed operating hours.

CANWARN PILOT PROJECT IN QUEBEC

The Quebec Region of Environment Canada will be doing a pilot project of the CANWARN programme which operates elsewhere in Quebec. The programme will operate similarly to the way it operates in other parts of Canada and as SKYWARN in the United States.

Both net controllers and volunteer observers are needed for the project. The nets will be activated at the request of Environment Canada when there is a weather warning and the forecasters believe that amateurs can provide useful information to the weather office.

When it is active this is a project which you can take part in wherever you are and which can help the community in general.

You you are interested please contact Jim Hay, VE2VE, or contact Mr. René Héroux, VE2WUL, of Environment Canada at 514-283-1129 or by e-mail to rene.heroux@ec.gc.ca.

73 de Jim, VE2VE

ARRL FIELD DAY 2000

June 24-25 1999 - The Montreal Amateur Radio Club will be holding field day the at grounds of the Kahnawake Immersion School in Kahnawake this year. Help will be needed for transportation, set-up, knock down and operating. If you would like to help co-ordinate and or participate please contact Jim Hay, VE2VE at 514-697-7205 or Steven, VA2SMF by email at va2smf@rac.ca So come on out, operate and have some fun. If you aren't participating in field day why not come by for a visit and say hello. Bring a guest and introduce them to ham radio.

Some reminders for when you come. It is important to note that we are guests of the Mohawk Council and the people of Kahnawake. Alcohol is prohibited, and the site is to be kept clean and tidy. The area where we are located is used for other activities so we will have make sure the site is clean when we leave. Please bring your own food and a chair. Remember to
