“CANADA DAY 2002 - PINE BEACH PARK, DORVAL”

Monday 01 July 2002

Set-up commences at 12h30 ET (16h30Z)

Pine Beach Park - Arrondissement of Dorval

On the air at 15h00 ET (19h00Z) until 22h00 ET July 1st (02h00Z July 2nd).

The Canada Day Station will again be set up at Pine Beach Park in the Arrondissement of Dorval at the Corner of Lakeshore Drive and Pine Beach Blvd. Set-up commences at 12h30 ET (16h30Z) and we should be on the air at 15h00 ET (19h00Z) until 22h00 July 1st (02h00Z July 2nd). We should be on the air from 10 to 80 metres and on various 2 metre repeaters locally.

A WORD FROM THE PRESIDENT

Hello,

Summer is finally here and the outdoor activities have started. I want to thank all of those who have helped make our communications events successful. While it was showery for the Blainville Attelage International it was a beautiful sunny day for the Grande Parade du Canal. With 40,000 spectators we had some good exposure to the general public.

On July 7 (postponed for two week) will be the Harmony Horse Trials in Ste-Justine following

the July 1st Canada Day celebrations in Dorval.

As was mentioned at the May meeting we have decided not to participate in Field Day. Between May 25 and July 1st the club will be participating in four other events all of which offer the club and amateur radio exposure to the public and the communities holding these events. Also there are a number of other clubs participating in Field Day with whom our members can join. The Concordia University club will be at Guy and de Maisonneuve on the south west corner and can benefit from the experience of older hams.

The MarcOgram is published nine times per year on the second to last Wednesday of September through June, excepting December by the Montreal Amateur Radio Club. Advertising and copy deadline is one week prior to publication.

Editor:
 Craig Brander, VE2YGK craigyul@total.net 514-488-5109

Annual fees are:
 General Members \$23.00
 Associate Members \$23.00
 White Cane Members... .. \$10.00
 Family Members (per family) \$30.00

The membership year runs from September 1 to August 31. Memberships received on or after June 1 commence immediately and extend through the subsequent membership year - covering a period of up to fifteen months.

Articles published in the MarcOgram may be reproduced providing credit is given to the original author and the Montreal Amateur Radio Club as the source.

The opinions expressed herein are, unless otherwise stated, solely those of the authors concerned, and not those of the Club, the Directors or members and do not represent the policy of the Club.

Repeaters

VE2BG 147.06 MHz (+)
 Owned and operated by the Montreal Amateur Radio Club. Located on the Pointe Claire water tower.

VE2RED 147.27 MHz (+)
 Owned and operated by the Montreal Amateur Radio Club. Located near Decarie and Cote St. Luc Road.

VE2RJS 449.975 MHz (-)
 Owned by the Montreal Amateur Radio Club and operated by the Cote St Luc Amateur Radio Association. Located near Decarie and Cote St. Luc Road.

The repeaters are open to all amateurs and VE2RED also offers a phone patch available to all amateurs during the day and evening.

Meetings of the Board of Directors

Meetings of the Board of Directors are open to any member to attend. Board meetings are held the first Wednesday of the month (Sept. to June) at 7:30 PM at the Montreal Association for the Blind, 7000 Sherbrooke St West. Should you wish to attend one of the meetings you are welcome. Just speak to one of the directors before-hand to make certain that the meeting has neither been cancelled, nor the location changed.

Club Activities

01 July - Canada Day Station - Dorval
 25 September - TBA - first fall meeting

Radio Classes

A basic level course will is normally held in January each year.

Club 70th Anniversary Dinner

The club will be having a dinner to mark the 70th anniversary of the Montreal Amateur Radio Club. The board has now decided on Saturday evening , October 19 at Antico Martini in NDG and we are finalizing the details.

This will be a very interesting evening.

IN CASE OF EMERGENCY

Montreal 911 Centre 514-280-2121
 Laval 911 Centre450-662-4240
 Longueuil 911 Centre450-646-8570
 Sûreté du Québec 310-4141
 Kahnawake Peace Keepers 450-632-6505

These numbers are for emergencies ONLY

As you know we have postponed the 70th anniversary dinner to the fall. The board has now decided on October 19 at Antico Martini in NDG and we are confirming the speaker as this is being written. More information will be forthcoming soon for what I believe will be a very interesting evening.

I hope that you all have a good summer and look forward to seeing you at the various events this summer.

73 de Jim, VE2VE

FROM THE EDITOR'S DESK

As this is the final Marcogram for this year I want to thank everybody who takes part and contributes to our hobby. Every contribution is important whether it be helping to administer the club, organizing club events, participating in public service operations, running a net, making sure things run OK on the technical side, or any of the many other actions and activities that contribute to the hobby. I also want to thank those who contribute to this newsletter.

I hope that you all will be able to help contribute and promote our hobby during the summer. This can be simple things like continuing to use our frequencies in a responsible fashion, refreshing and improving our technical and procedural skills, and of course promoting and showing our hobby in a positive light when the opportunity arises.

I hope you all have a productive, safe and enjoyable summer and of course keep being radio active.

73 de Craig, VE2YGK

MARC 70TH ANNIVERSARY DINNER

This event has been postponed until the the fall and is planned
for Saturday evening, October 19 at Antico Martini in NDG. We
are finalizing the details are confirming the speaker as this is
being written. More information will be forthcoming for what
we believe will be a very interesting evening.

- . . . -

CANADA DAY 2002

The Canada Day Station will again be set up at Pine
Beach Park in Dorval at the Corner of Lakeshore Drive and
Pine Beach Blvd.. Set-up commences at 12h30 ET (16h30Z)
and we should be on the air at 15h00 ET (19h00Z) until 22h00
July 1st (02h00 July 2nd).

We should be on the air from 10 to 80 metres and on
various 2 metre repeaters locally.

- . . . -

THE GRANDE PARADE DU CANAL

The Grande Parade du Canal was held on May 25 to

Action at the Cote St Paul lock during "The Grande Parade du Canal."

celebrate the re-opening after 32 years of the Lachine Canal. Members of MARC were assisted by members of the Club Radio Amateur Laval-Laurentide, the Covey Hill Amateur Radio Club and the West Island Amateur Radio Club. Our thanks are also due to the VE2LZR Communications group and Ken Magee for providing the pop-up tent for the main control station as well as . A special thanks is due to Andy Beard, VE2DWT, for pitching in at the end and to Fred Hart, VE2LSQ, for making a few phone calls and giving road directions.

Starting at 5:30 in the morning was a bit of a stretch for some but everyone arrived on time and was ready to go. The operators at the event were:

- * Don Devey, VA2DWD
- * Gilles Trudel, VA2GCT
- * Carole Albert, VA2MOO
- * Steven Faguy, VA2SMF
- * François Daignault, VE2AAY
- * Mel Martin, VE2DC
- * Andy Beard, VE2DWT
- * Margaret Dawson, VE2DXA
- * Ken Magee, VE2EXC
- * Greg Steinstra, VE2JGS
- * James Keep VE2KHC
- * Jean-Paul Ste-Marie VE2LHR
- * Fred Hart, VE2LSQ
- * Vernon Ikeda, VE2MBS
- * David Melanson, VE2MPD
- * Steven Donovan, VE2OCT
- * Stan Patacic, VE2QXP
- * David Ross, VE2SC

- * Raymond Faguy, VE2SJA
- * Luc Riopel, VE2SWR
- * Jim Hay, VE2VE

At the end of the day as we were packing up the control station I was approached by Annick Moreau who is the director general of the event who was quite enthusiastic in her thanks for our participation and how well we handled the communications.

The Grande Parade du Canal may become an annual event and if it does I hope that you will all be back next year when we will improve upon the good foundation laid this year.

73 de Jim., VE2VE

- . . . -

REPEATER NEWS

An improvement may have been noticed in the performance of VE2BG since the end of May. Thanks to Ray Laviolette, VE2HMA, who has loaned the club a duplexer we were able to install that at VE2BG and remove the duplexer from service to correct the problems which we had found last fall.

The problem is in the coaxial network which connects the various cavities together and thanks to Don Dashney, VE3RM, who located the problem and was able to correct it in time to use the cavities as part of the portable repeater which was used at the Blainville Attelage International on June 8. The portable repeater operates on 147.015 MHz with a positive offset.

Thanks also go to Wade Bates, VE3WIB, for transporting the repeater from L'Original after Don had it ready and to Ken Magee for financial assistance, moral support and a little prodding. This repeater will be useful at the various communications events as well as during emergencies.

The VE2RED repeater seems to have largely recovered from problems which it had this winter but later this summer we will be giving it a good check-up to ensure that it is working to its full potential.

Judging from the traffic recently VE2RJS is working well and the IRLP is generating some interest and activity. Our thanks to the Cote St. Luc club for their work on this project.

- . . . -

RAQI News

RAQI COMMUNIQUÉ 2002-02

Bulletin 2002-02 - June 12, 2002

In January 1998 during the ice storm MARC was asked to staff the amateur radio station at the offices of the Red Cross in Montreal. We discovered that there were some problems with the station but nonetheless were able to handle any communications requested during the several days of operation.

In April of 1999 during an exercise to prepare for the year 2000 bug we were able to demonstrate to the Red Cross that the station had to be rebuilt and it was agreed that this would be done.

Suffice it to say that there were a few bureaucratic and logistical delays before the re-installation really got rolling and the area where the station was to be located got remodelled twice!

With the help of Don Dashney, VE3RM, Sheldon Werner, VA2SH, Vernon Ikeda, VE2MBS, Steven Faguy, VA2SMF, Mac MacDougall, VA2YQ and Jim Hay, VE2VE along with the City of Verdun, the firm of Scott-Trudeau and the Red Cross staff themselves we were able to complete plans for antennas on the roof and a new home for the station equipment.

Along with the dual band two metre and 70 centimetre mobile antenna on the roof are dipoles for 20, 40 and 80 metres which have proven themselves quite satisfactory.

The station is now operational with only a few matters left to attend to. The HF and VHF radios are in place, working and tested. With our next visits to Nun's Island the station will be capable of operating during power failures and recharging the battery.

We will be starting a regular programme of testing the station so that we don't again arrive in time of need to discover that the station isn't functioning properly.

73 de Jim, VE2VE

- . . . -

ANDERSON POWERPOLES ®

At the May meeting, Don Dashney, VE3RM showed those in attendance a product called the Anderson Powerpole ®. The 30 Ampere version is now the standard of many A.R.E.S. groups in the United States.

I've compiled a brief list of sites devoted to this interesting connector at:

<http://www.marc.qc.ca/powerpole.html>

I haven't tried one out myself but from what I have seen at the meeting and the information that I picked up from Don,

The board of directors of Radio Amateurs du Quebec Inc., at its regular meeting held June 1, 2002, has named new officers for the coming year.

Mr. Yoland Audet, VE2DY, has been named president and Mr. Mario Bilodeau, VE2KEL, has been named vice-president. Mrs. Marjolaine Vallée, VE2DOC, and Mr. Marc Tardif, VA2MT remain as secretary and treasurer respectively.

The membership of the board of directors for the year 2002-2003 is therefore as follows:

Yoland Audet, VE2DY President
Northwest Quebec region

Mario Bilodeau, VE2EKL Vice-president
Chairman of the Comité de
Co-ordination des Fréquences du Québec

Marjolaine Vallée, VE2DOG Secretary
Co-ordinator of the Réseau d'Urgence

Marc Tardif, VA2MT Treasurer
Central Quebec region

Ghyslain Paradis, VE2FWZ Director
Eastern Quebec region

Guy Richard, VE2XTD Director
Quebec region

Gabriel Houle, V2KGG Director
Southwestern Quebec region

James R. Hay, VE2VE Director
Montreal region

Jean-Pierre Dumont, VE2JPY Director
Laval-Laurentian region

For more information, contact:

Guy Lamoureux, VE2LGL
Directeur général

HARMONY HORSE TRIALS

NOTE: We have just received word that the Harmony Horse Trials have been postponed two weeks due to wet terrain. The date for the cross country portion which we handle communications for is now July 7. Additional volunteers are still needed.

Hi, we are at 11 operators currently including Gillian and I for the Harmony Horse Trials on the 7th of July, (postponed from the 23rd of June).

The start time will be at 8:00 A.M. sharp, so the briefing time will be at 7:00 A.M.. Remember that the location is Ste-Justine-de-Newton and the talk-in is on VE2RM 147.00 (-).

Box lunches will be provided by the Harmony Horse Trials organization to be served at the end of the cross country event at around 12:30 - 1:00pm

There are over several entries to date, so it should keep us well occupied for the 4 to 5 hours of operation.

All position must be able to operate portable. make sure that your HT's are ok as usual.

To volunteer, please contact me asap at:
VE2LZR@rac.ca

73 de Ken, VE2EXC

SCANNERS HEAR IT FIRST

BY FREDERICK HART, VE2LSQ

06/2002... half the year has come and gone. It seems that as we get older the years seem shorter. Its now been nine months since 9/11 a day that as country music star Alan Jackson sings "Where were you when the world stopped turning" (give this piece of music a listen, the words are captivating). Another sidebar to 9/11 are the many books and photo portrayals of the NYC part of all that went on that day. If you get the chance to come across a copy of "Report From Ground Zero" by author/FDNY fire fighter Dennis Smith, read it. You will learn so much about the behind the scenes at the WTC. Accounts from emergency service personnel who responded, were trapped, and as was the sad case, lost many brothers in the process. There are very descriptive tales and facts including what went on with radio traffic during the collapse. Well worth the time to read all 365 pages. It will give you a different view to what we all saw on TV. As author of the best seller classic "Report From Engine Company 82" Dennis has surpassed his talents by tenfold with this new book. We listen to the scanner and hear all the action going on and it sort of paints us a picture of what is happening. And there are a lot of things that go on that we don't hear about or see, and that part of the action is what makes you or breaks you in the field. Through all my years of many emergency scenes responding to be it the Bluebird Cafe fire, the Central Station bombing, the Metro fire at Henri Bourassa or to the aftermath of the Ecole Polytechnique I can vouch that these were by no means small events but can't hold a match to what the responders of all services dealt with on 9/11. I pray that no one ever has to deal

with such a large scale incident in our lifetime. There is not much frequency info this month as you can see. I just finished reading this book and I feel its contents have everything to do with our listening hobby because that is why we listen, the interest in the services we hear but in this case the written word says it all.

Note: The Bearcat 250XLT is supposed to be out in the fall sometime. I'm researching info to get a report to you in our next issue after summer break in September. The 245XLT is still a popular model and will suffice what you need to listen to in this metro area.

Earfuls Heard Special Wildlife Rescue Edition

May 25 **147.270** - During radio operations for the Grande Parade du Canal. Lots of traffic was heard in preparation and through operations. My hat off to all who participated as it sounded a professional, successful event. But... Part way through the beginning of the parade a marine rescue/wildlife rescue took place near one of the canal locks. As part of the safety crews monitoring the flotilla a Coast Guard Auxiliary zodiac was positioned at the end to ensure safety. Some boaters came across a baby bird in the process of drowning. Without hesitation, and with quick thinking, VA2MOO, Carole Albert, took charge of handling the situation with the poor widow birdie enabling her to masterfully and delicately and with great compassion that she has for wildlife gave the bird a chance and rescued it from a certain death so it could flutter away to life as it was

skilfully brought to shore in her caring hands. Although the bird stayed conscious and breathing the whole time Carole's vast expertise in resuscitation efforts was ready at a moment's notice for mouth-to-beak intervention. So kudos to Carole for a humanitarian effort of kindness that we all know she is capable of (and if your car is blessed with a dropping from above some day just think, it may have been made possible because she was at the right place at the right time to save birdie so it could be at your place at the wrong time).

73 see you in September, Frederick, VE2LS and a Q

CLASSIFIED

DEADLINE for classified ads is the second Wednesday before the monthly meeting.

.

From the May 1972 issue of The Marcogram.

DOUGLAS THOMAS SHAW VE2PO - SK

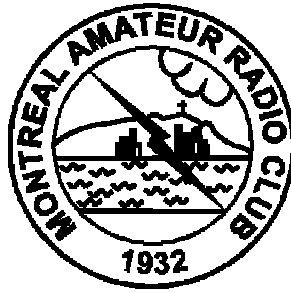

I regret to inform the members of the Amateur Radio community the passing of Douglas T. Shaw, VE2PO at age eighty-two. Doug was a long time member of the Montreal Amateur Radio Club and President of the Club during 1972-1973.

Doug was the founder of the D.T. Shaw Company and had served with the Royal Canadian Signal Corps 1942-1945. Besides being a well known local Amateur Radio operator, he was involved in many activities in the community including the Boy Scouts of Canada.

A mass in Doug's memory was held on Tuesday, June 4, 2002 at the Blessed Sacrament Church in Ottawa, Ontario. Our sympathies go out to Doug's family and friends.
