Antenna Farm on the Pride of Aloha

A Word from The President

Hello,

Well, we're getting to that time of year - when it is fabled to be the time to make emergency adjustments to the antenna system which render it in the finest operating condition possible. Seriously winter has been kind to us thus far and let us hope Mother Nature continues to look upon us favourably.

March 19th. is the annual St. Patrick's parade and we are again providing assistance. Communications is becoming more important to the parade and I therefore urge you to consider participating. All you need is an HT, spare batteries and warm cloths. Some personnel will be walking the parade route while others will have stationery positions and some others may have special assignments - this has yet to be finalized. It is a great event and all of "the right people" get to see us in action.

This month Don Dashney, VE3RM will be giving a talk on HF operating and he would like to answer your questions. Frequently we have ques-

tions so nows the time to learn more about operations on HF.

At the AGM we discussed the fact that our biggest expense is the printing and mailing of the MarcOgram. Just after the AGM we learned of an increase in the rental for the room at St. Ignatius. This is leading the directors to talk more seriously about the idea, which we said we would investigate, of a separate fee for receiving the printed MarcOgram. While we haven't discussed an amount please let one of the directors know if you have any thoughts on this subject and give consideration to receiving the MarcOgram by e-mail.

The club offers a QSL service in which we receive the cards incoming for our members and then you can collect them at the meeting. Vernon usually lets you know when he has cards for you. If you know members who have not renewed or who might benefit from this service let them know.

Also remember that the hamfest is coming up in April so if you want to dispose of any surplus equipment or parts or know someone who does please contact me to reserve tables.

See you at the meeting and I hope you have some good contacts this month.

73 de Jim.

January Meeting

John VE2EQL giving his very informative presentation on surface mounting kit building at the January MARC meeting.

At this meeting. Alex Vegh VE2VH showed a dual band portable J-pole antenna that could fit into your pocket. The web link that shows the antenna if someone wants to build it is:

www2.arrl.org/tis/info/pdf/0302038.pdf

Repeaters

VE2BG 147.06 MHz (+)

Owned and operated by Montreal Amateur radio Club. Located on the Point Claire water tower.

VE2RED 147.27 MHz (+)

Owned and operated by the Montreal Amateur radio Club.

VE2RJS 449.975 MHz (-)

Owned by the Montreal Amateur Radio Club and operated by the Cote St. Luc Amateur radio Association.

Meetings of the Board of Directors

Meetings of the Board of Directors are open to any member to attend. Board meetings are held on the first Wednesday of the month

(Sept. to June) at 7:30 PM at the Montreal Association for the Blind, 7000 Sherbrooke St. West.

Should you wish to attend one of the meetings you are welcome. Just speak to one of the directors before-hand to make certain that the meeting has neither been cancelled, nor the location changed.

The MarcOgram is published nine times per year on the second to last Wednesday of September through June, excepting December, by the Montreal Amateur radio Club. Advertising and copy deadline is one week prior to publication.

Editor

Ron Campbell, VA2RJC va2rjc@rac.ca

Tel: 514-767-2804 Cell: 514-825-8954

Annual Fees are:

General Members...	...\$23.00
Associate Members	...\$23.00
White cane members	...\$10.00
Family members (per family)	..\$30.00

The membership year runs from September 1 to August 31. Membership received on or after June 1 commences immediately and extends through the subsequent membership year - covering a period of up to fifteen months.

Articles published in the MarcOgram may be reproduced providing credit is given to the original author and the Montreal Amateur radio club.

The opinions expressed herein are, unless otherwise stated, solely those of the authors concerned, and not those of the Club, the Directors or members and do not represent the policy of the Club.

From the Editor's Desk

So it's March already!!!!

As you can tell from the above, your editor is pretty much in a sleep mode, that's because his wife dragged him off to some exotic island in the middle of the Pacific ocean called Hawaii. We first took a 7-day cruise around the islands and stopped at Kauai, Hilo Big Island and Maui. The most fascinating part of our trip was walking through and around the erupting volcano

While onboard the ship, I did attempt to tour some of the more technical facilities (particularly the communications and navigation) however, I was informed that due to security regulations, no unauthorized persons (that includes all passengers) were permitted to enter these areas. The best I could do was to take some photographs of the open view variety of antennas (see top of page 2).

In another column of this newsletter there is coverage of an introduction of amateur radio to some cub scouts. Yours truly was there to shoot some footage for the on-going DVCAM-HAM video. Well, that famous "Murphy's Law" intervened. Lights were set, sound was set and I was ready for the first "action shot." You guessed it, have camera - but it no work. I took battery out - battery in, tape out - tape in, gave it the usual gentle shake. It still no work. Lucky for me, my YL with a still camera started shooting, but me desperate Ron, rolling on the floor with silent curses (all those good cubs around), I began to pack all

away. OK one last attempt, and wow, it all worked. I made a silent prayer and just began shooting. In attempt to identify the problem I called Sony (the camera manufacturer) but no help. I then tried 2 other manufacturers with same results. My last attempt was to a director/instructor, He came up straight away with a possible answer --- condensation. He said when they go from a cool temperature (such as an air conditioned hotel) into a hot humid environment, he usually wraps his cameras in airtight bags and gives them time to adjust to the new environment. He suggest that it would be the same here in the cold. So beware of any equipment with mechanical devices, and CONDENSATION. That's it for now, your Ed....
rjcam the video-ham.
VA2RJC

Club Activities - Monthly Meetings

Club meetings are held on the last Wednesday of the month. The meetings will be held in the Lounge which is the rearmost door on the South side of the unless we have reason to hold it in the Parish Hall which is the first door on the South side of the building. An informal flea-market and ragchew session starts at 19:30 with the formal meeting starting at 20:00. STM buses 51, 162, and 105 stop nearby.

29 March 2006

A preview of the DVDCAM-HAM will be given by Ron (VA2RJC). This session will provide some details regarding the pre-production planning, the production stage (taking of video footage) and the post-production stage (editing, titling and sound). A selection of the footage taken will be shown.

26 April 2006

TBA

31 May 2006

Annual Show and Tell Meeting

Radio Classes - Winter 2006

We started the Winter 2006 classes on January 21 with eleven students, most of whom are boaters via the Canadian Power and Sail Squadron. Many thanks to Steven Faguy, VA2SMF of the Concordia University ARC for getting us a room and to Sheldon Harvey, VE2SHW of Radio HF for getting us the books for the course.

Please welcome Michael Andronov, Fred Boulos, Michael Kusalic, Suzanne Lafontaine, Johan Langmyr, Jim Laverdiere, Ming Lu, Norm Ness, Ranganath Udura, Claude Vadnais and Antoine Zabal who are taking the course this year.

Other Activities

Other club activities that are in the planning stage. The amateur radio fleamarket to be held on 22 April 2006. Now is the time to book your table.

St. Patrick's Day Parade - March 19, 2006.

This is to announce that the St. Patrick's Day Parade is on Sunday, March 19, 2006 and that we are looking for volunteers for this event. The briefing is at approximately 10h00 or so at the control centre, the exact time and location to be determined in the near future. This is a portable event so handi-talkies and spare batteries are a must.

This event goes on rain, snow, cold or sunshine, so plan on bringing proper attire along too.

Please contact me if you are interested in participating in this event. I can be contacted at the club address at: ve2arc@rac.ca if you want more information or want to volunteer.

James R. Hay, VE2VE - President,
Montreal Amateur Radio Club

St. Lazare Cyclo-Tour - Sunday, May 28, 2006.

This is to announce that the St. Lazare Cyclo-Tour will be on Sunday, May 28, 2006 starting at the usual location of Bedard Park in the Town of St. Lazare. This communications event will start around 10h00 so you need to be there about 08h30 A.M. for the briefing. We will be using the M.A.R.C. portable repeater on 147.015 (+) and 146.460 simplex, so have your radios pre-programmed for this event. This event is mostly done roadside, so most stations/checkpoints can be operated from one's car.

This event goes rain or shine, so plan on bringing wet weather gear along too. Please contact Ken Magee, VE2EXC if you are interested in participating in this event. Ken can be contacted at ve2exc@rac.ca if you want more information or want to volunteer.

2006 Hamfests

Submissions for entry into marcOgram

For submissions of text only it is preferable
 that you send as a ".txt" file, however, MS
 Word is acceptable.

For pictures please use "jpg" format with
 maximum size 400 x 240. Where possible
 use at least 240 dpi.

For clip art if possible use "gif".
 Maximum size 480 x 340 pix. This will give
 a picture size of approximately 8 Kb.

Snail mail: Ron Campbell, 201 Du Club
 Marin, Apt. 209, Verdun, QC. H3E 1T4

This very generous offer by Guy will now
 be considered by the board of directors
 and a decision will be forthcoming.

For Guy, just hang tight I'm sure this
 body of learned gentlehams will come to
 a decision in the near future.

Scout Presentation

As previously reported, John Grow
 VE2EQL with support from Suzanne
 Thauvette VE2SZN gave a presentation
 of Amateur Radio to the Greenfield Park
 Scout troop. The presentation, showed the
 basics of communications, and what
 Amateur radio is all about. These were a
 real keen bunch of youngsters and
 showed enthusiasm throughout the eve-
 ning.

John, will be repeating this demonstration
 with a elder group of scouts sometime in
 March. Ron VA2RJC will be there again
 with his camera etc.

John Grow, VE2EQL will be a guest
 speaker at the North Vermont Hamfest.
 He'll be hosting a forum on High Per-
 formance wire Antennas for HF and
 VHF/UHF communications.
