HOW DO WE CELEBRATE THIS SPECIAL YEAR?

It is with deepest regrets that we have to announce the passing away of one of our radio amateur colleagues

Richard Nagy..

Richard, VE2BJS passed away in his sleep during the night of March 25-26, 2006 losing his struggle with ALS or Lou Gehrig's Disease. Many will remember Richard in the early morning on his way to work. A dedicated teacher, his students were all aware of amateur radio and before his illness he was an active participant in local amateur radio activities.

Memorial donations may be made to the ALS Society of Canada or a trust fund being established within the Pearson Educational Foundation.

Our sympathy is with Richard's family and many friends as he will be missed by us all.

A Word from The President

Hello,

Congratulations to the successful students in this year's Basic course. This was a particularly good group of students and I look forward to speaking with them all on the air. Hopefully we will have a few more persons join our ranks at the hamfest.

By the time you read this the hamfest will be upon us. I hope to see you there so tell all your friends to come out and find a few new treasures, see your friends and generally have a good time.

This year's St. Patrick's Parade, by all accounts, was a success and I expect that we will be participating again next year. Once again I received nothing but positive comments about our participation.

Since antennas are an important part of all of our stations this month's meeting should be of interest to us all as we head back to some basics.

73 de Jim.

James R. Hay, President

A Call for Jay

Good day all.

Summer is just around the corner and I'm sure some of you would love to spend a nice weekend or even just a day in the beautiful mountains of northern Vermont enjoying the scenery and, playing with your radios and helping out in an event.

This event is the Jay Challenge in Jay, Vermont.

The Jay Challenge is a three day event from Friday July 28th to Sunday July 30th 2006. This will be the third year that the M.A.R.C., along with members of other Clubs, cover this event.

The first day is a 26 miles boat race across Lake Memphremagog in the Eastern Townships from Magog to Newport Vermont.

The second day is a 30 miles cross-country Mountain Marathon to the top of JayPeak Vermont.

The third day is a 60 miles cross-country Mountain bike race to the top of JayPeak and around the area surrounding Jay.

What is expected from the Hams:

The Hams will be manning check points along with other volunteers, to pass traffic.

We will be operating on the JayPeek repeater for the event.

Anyone coming for 1, 2 or 3 days will be welcomed.

What is supplied to the Hams:

We will be lodged in comfortable accommodations for the duration of the event, starting the evening prior to the event.

I urge anyone interested in this event to visit the event website at

WWW.Jaychallenge.com

For all additional info or to volunteer please contact: Ray VA2RY at

va2ry@rac.ca

From the Editor's Desk

Spring at last!!!!

Well, seeing that it was me who gave the presentation at the March MARC meeting, I thought I should explain a little for those who were not in attendance.

The presentation was in two parts; *Part 1*, Three sets of slides were shown covering introduction, planning and post production (everything after the video-graphing). The aim of these slide presentations was to brief the audience on the requirements for the production of a documentary type video. Apart from the technical subjects (DV, camera, sound, etc.) important issues are:

- who is the target audience?
- what is the purpose of the video (information, training, promotional)?
- What is the method of delivery?

In the Part 2 of the presentation I showed two short video clips from material that had already been shot.

Don Dashney (VE3RM), wearing his 2002 International Contest T-shirt

Steven Faguy (VA2SMF) being interviewed during the 2005 Saint Patrick's Day Parade.

Several hams asked when the video would be completed. My response was, when I have sufficient suitable footage the completion date would then be predictable. I plan this summer to shoot some footage of a "round table" type interview with a group of young people. The aim being to obtain their views of amateur radio and would they consider it as a possible hobby.

My own belief is that young people are so inundated with technical gadgets that they may find our hobby - kinda boring. From my part, I feel that we need to emphasize not just the hobby aspect of using radio transmitters and receivers but the social and emergency uses of these facilities by radio amateurs. Canada is a country of volunteers and I hope this will help encourage some young people to join us.

Enough is enough, all of you have a great spring. That's it for now, your Ed....

rjcam the video-ham.

VA2RJC

Club Activities - Monthly Meetings

Club meetings are held on the last Wednesday of the month. The meetings will be held in the Lounge which is the rearmost door on the South side of the unless we have reason to hold it in the Parish Hall which is the first door on the South side of the building. An informal flea-market and ragchew session starts at 19:30 with the formal meeting starting at 20:00. STM buses 51, 162, and 105 stop nearby.

26 April 2006

TBA

31 May 2006

The 182nd edition of the Montreal St. Pat-
 rick's Day Parade headed down Sainte-
 Catherine Street and Amateur Radio op-
 erators from the Montreal Amateur Radio
 Club and the West Island Amateur Radio
 Club were part of the reason for the suc-
 cess of the parade. The following ama-
 teurs provided communications at the
 parade:

- Jim Nagle, KF4OD
- Steven Faguy, VA2SMF
- François Daigneault, VE2AAY
- Ike Tamigian, VE2IKE
- Stan Paticic, VE2QXP
- Raymond Faguy, VA2RY/VE2SJA
- Frank Torontour, VE2CII/VE2TOR

James Hay (VE2VE) and Vern Ikeda
 (VE2MBS) operated at the control station
 on both the leased commercial and ama-
 teur communications for the event.

Left-to-right: Claude Vadnais, Vernon Ikeda (VE2MBS/VE2QQ), Fred Boulos, Mike Kusalic, Suzanne Lafontaine, Michael Andronov, Sheldon Werner (VA2SH/AG4TG), James Hay (VE2VE)

Dateline: Saturday, April 8, 2006

This morning, six new Amateur radio operators joined our ranks. The following passed their exams administered by Sheldon Werner, VA2SH/AG4TG.

Congratulations to: Michael Andronov, Fred Boulos, Mike Kusalic, Suzanne Lafontaine, Jim Laverdiere, and Claude Vadnais.

Hope to speak to you on the air soon!

Many thanks to Steven Faguy, VA2SMF of the Concordia University Amateur Radio Club for getting us the room and to Sheldon Harvey, VE2SHW of Radio HF for providing us with the books for the course.

Also many thanks to Sheldon Werner for administering the exams this morning and to Ron Campbell, VA2RJC for coming to photograph this

session.

Photographs of this morning's exam session may be found at:
